

Law Enforcement and Criminal Justice Interim Committee

Utah Communications Authority
June 19, 2019

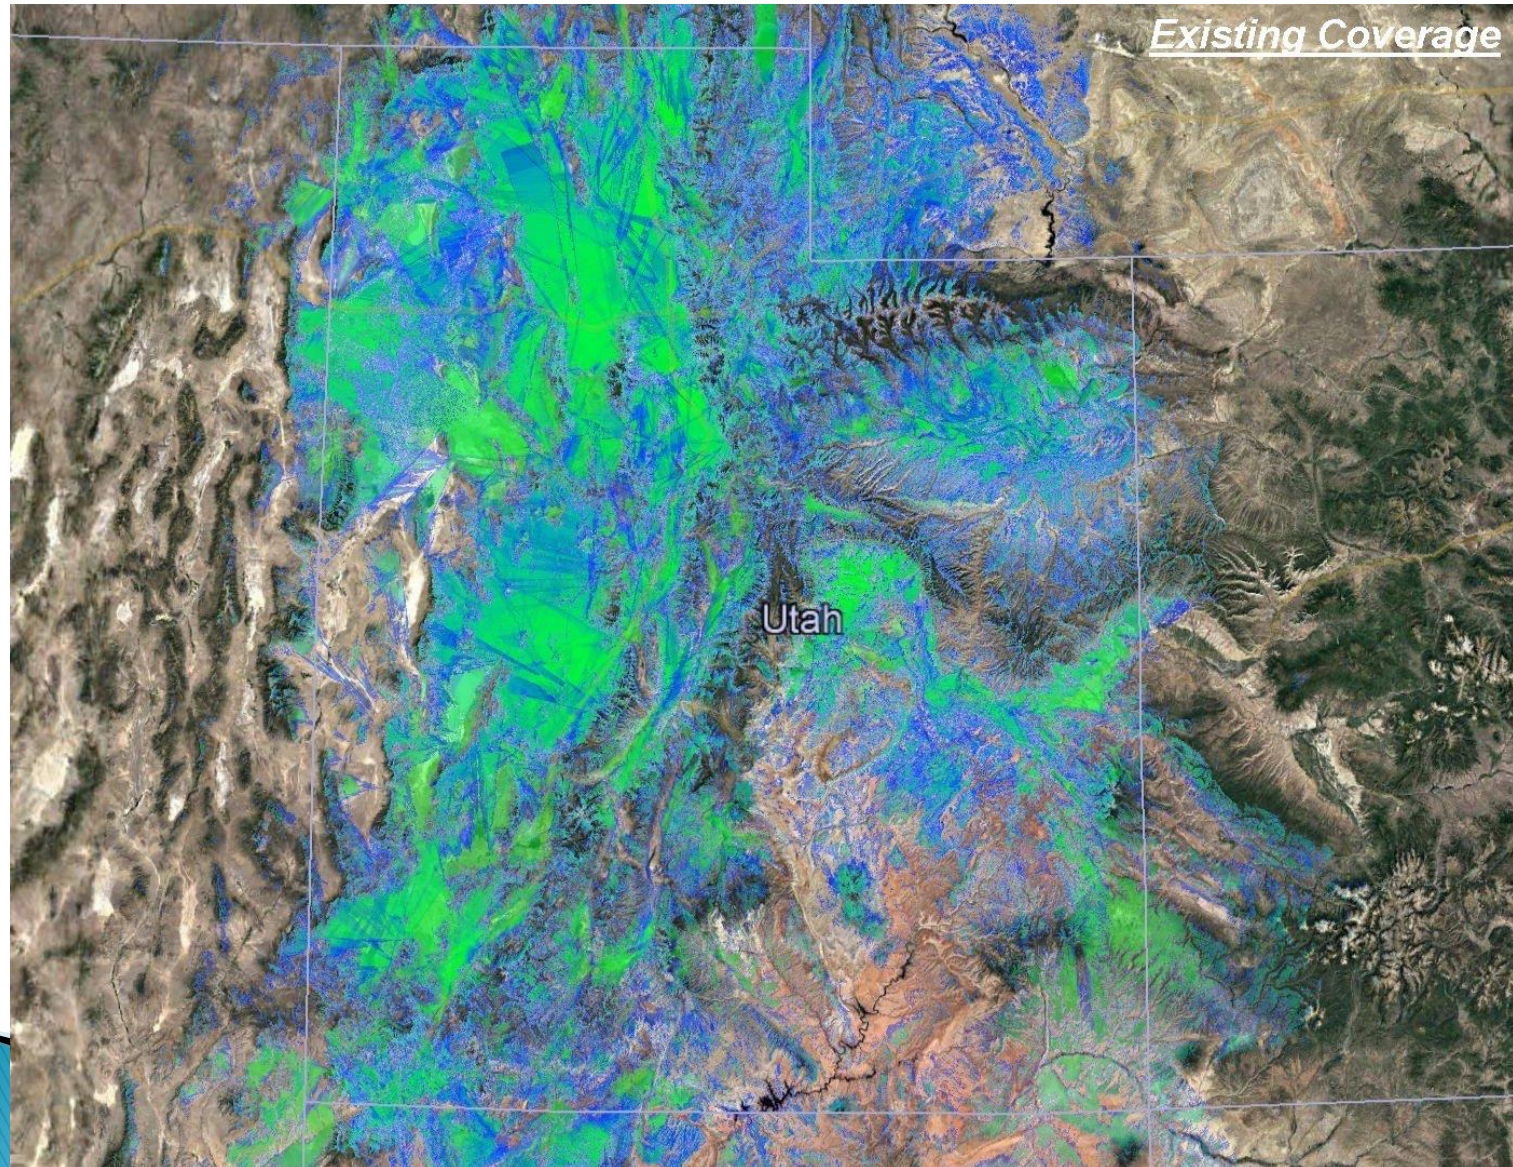

UCA Today

- Historical Problems at UCA Have Been Eradicated.
 - Changes Include:
 - Numerous Checks and Balances Performed by Executive Director, General Counsel, and CFO;
 - Annual Operating and Capital Budget Approved Annually by UCA's Governing Board;
 - Adoption of Phase I and II of UCA's Strategic Plan;
 - Strict compliance with State Procurement Code;
 - Execution of Contract for Statewide Emergency Radio Communications Network to P25 Architecture;
 - Annual Employee Reviews;
 - New Independent Board Makeup; and
 - Many Others
- 

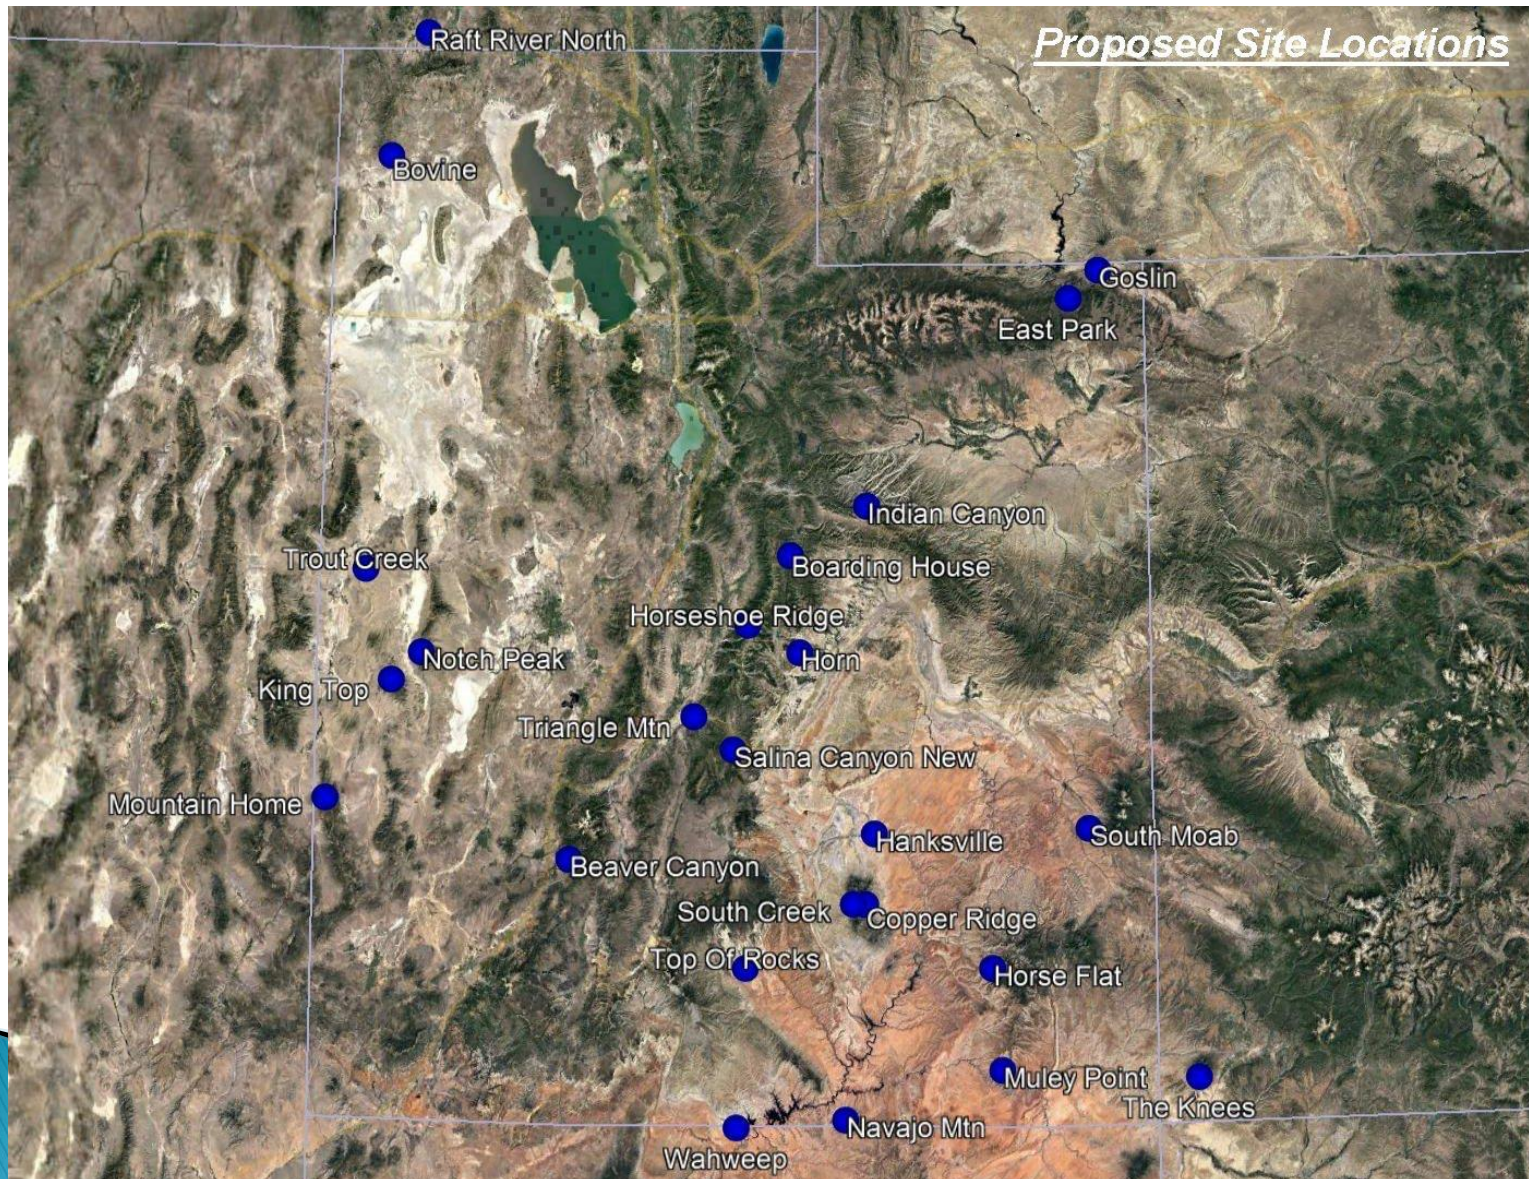

What Makes UCA Unique

- True Statewide Emergency Communications Network.
 - Interrelationship Between UCA and the PSAPs, Police Departments, Fire Departments, and Other Emergency Personnel Leads to a Symbiotic Relationship Allowing for a Trusted Independent State Entity with Local Support and Input.
 - Combination of Radio Division and 911 Division Under One Organizational Head Allows for Greater Cooperation and Efficiency as Technologies are Leveraged in Partnership and Not Competition.
- 

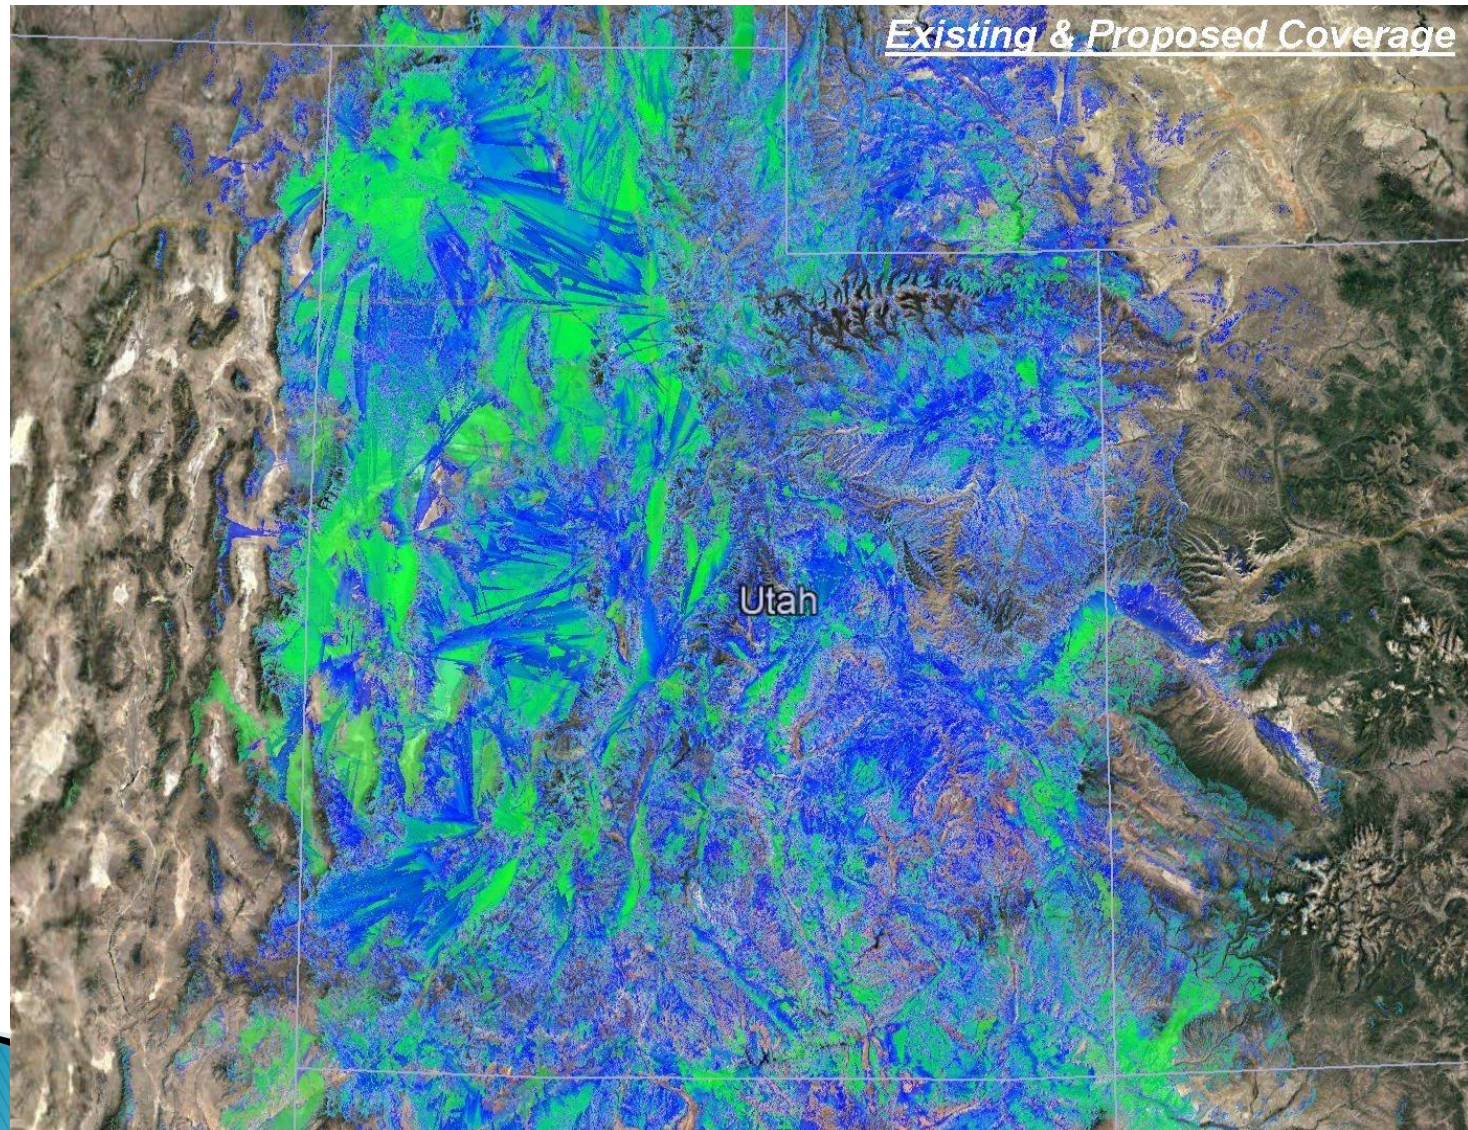

Existing 800 MHz Coverage

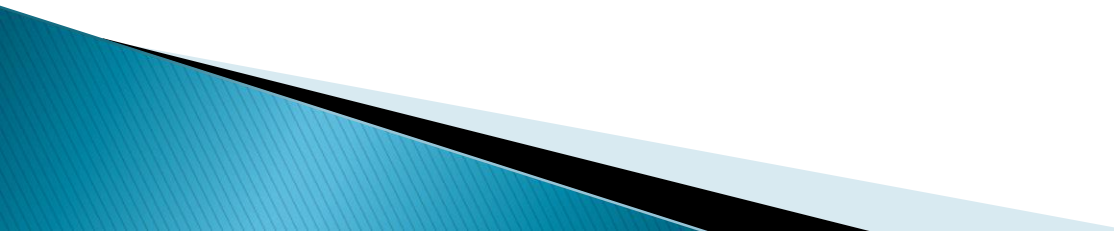

Announced 25 Sites

Coverage After 25 Sites Online

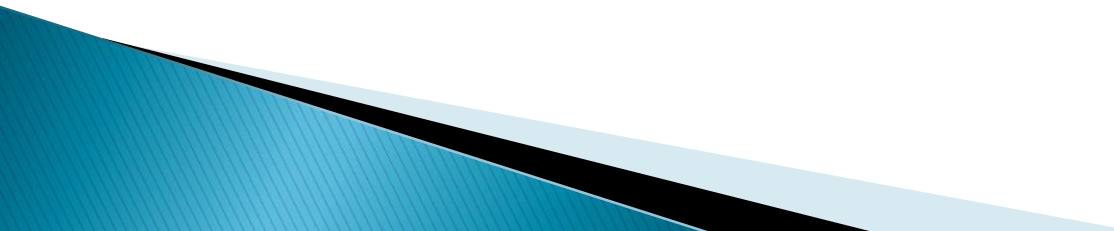

Timeline of 25 Sites

- ▶ Current 800 MHz Trunked Site Count is 119 sites.
 - ▶ 25 Site Increase Approximates a 20% Increase of the Network.
